Receiving Water Limitation Report

FY 07-08

Part 2-Section C Attachment

On March 4, 2008 the Los Angeles Regional Water Quality Control Board (Board) sent to the City a notice that Board staff believed the City had violated waste discharge regulations as established in the Board's Order 01-182 and as amended in Order R4-2006-0074 and R4-2007-0042. Additionally, the Board required the City to respond to these allegations. The City responded timely to these allegations and believes that the NOV and Order were improperly issued. The City has petitioned the Board to retract these alleged violations.
